FIRE DISTRICT SET TO OPEN DOORS TO NEW OFFICE MARCH 29

RANCHO SANTA FE, Calif. — The Rancho Santa Fe Fire Protection District (RSFFPD) announced today that they will begin conducting business from their new offices beginning March 29, 2011. The new location, just off Del Dios Highway at 18027 Calle Ambiente in Rancho Santa Fe, will house both administrative and fire prevention personnel.

Business will be conducted as usual at the Fire District's current office location on El Fuego in Rancho Santa Fe through March 28. Beginning March 29, customers seeking assistance with plan submissions, plan checks, car seat installations, accounts payable, and other administrative or prevention matters will need to go to the new office on Calle Ambiente. Emergency response personnel assigned to Station 1, also located on El Fuego, will remain at the current site.

"We are excited to be making this move," said Fire Chief Tony Michel. "The new location will allow us to maintain a high level of service for our customers and accommodate the growing needs of our district. While we anticipate a smooth transition, we appreciate the community's understanding should there be a bump or two along the way."

The mission of the Rancho Santa Fe Fire Protection District is "To protect life, property, and environment through prevention, preparedness, education and emergency response." Formed in 1946, the Fire District now spans approximately 38-square miles and protects over 29,000 citizens. The Fire District currently operates out of four full-time fire stations and serves the communities within and surrounding Rancho Santa Fe, Fairbanks Ranch, and 4S-Ranch.
