Tel. (310) 434-9260

Fax (310) 434-9270

**3. The date, place and other circumstances of the occurrence giving rise to the claim asserted:**

Personal injury of Shemiran Clow which occurred as follows:

Date: On January 17, 2011

Time: Approximately 12:48 p.m.

Location: At or about Avenida Suavidad, San Diego, CA 92128

Various Documents are attached hereto, as follows:

- (1) Police Report;
- (2) Photographs;
- (3) EMS reports;
- (4) Newspaper Articles

However, Claimants do not necessarily accept any conclusions/opinions/data set forth in the governmental reports or medical records attached hereto as being necessarily true and/or accurate. These documents are provided for purposes of identifying the known parties, location of the accident, injury thereof, etc. Claimants, by their attorneys, are investigating the accident. Nevertheless, it is claimed to date that Ms. Clow may, upon information and belief, have **(based only upon allegations and/or insinuations by the driver of the vehicle that hit Ms. Clow and/or the defense counsel for the driver that hit Ms. Clow in the course of discovery)** either sustained injuries or had said injuries she sustained worsened, in part, due to action/inaction on the part of Respondents and each of them by and through their agents, servants, employees, and/or joint venturers, and each of them potentially mismanaging the fire scene, not closing down the road, misdirecting traffic, and/or not giving timely or proper EMT care at the scene via their medical personnel to the victim Ms. Clow.

1 The Clows and their counsel file this governmental claim **in an abundance of caution** due  
2 to the impending possible expiration of a claim filing time period and reserve all rights to take future  
3 positions on the matter including but not limited to that the governmental entities may bear little or  
4 no responsibility whatsoever, as it is very early in the investigation of the matter and defense counsel  
5 for the driver has yet to answer discovery served upon his office.

6 Claimants provisionally allege that at all times relevant to this action, the Respondents and  
7 each of them set forth in the caption of this claim as well as those on the proof of service were, and  
8 still are, governmental entities that jointly and severally owned, managed, maintained, and inspected  
9 where the incident took place (hereinafter "accident scene") as alleged herein, employed persons at  
10 the scene, and/or rendered aid most likely at the scene or close by. Claimants provisionally allege,  
11 to the extent may be shown by proof, that according to others, said Respondents and their agents,  
12 servants, employees and contractors, actions may have caused or exacerbated Claimants' damages  
13 based upon the allegations of the driver of the van and/or his attorney. Claimants provisionally  
14 allege, to the extent may be shown by proof, that according to others, the aforementioned accident  
15 scene may have been in a dangerous condition that created a substantial risk of serious personal  
16 injury or death, which damages were in fact sustained by Claimants, when the street was used in a  
17 manner that was reasonably foreseeable, casting Respondents in liability. Claimants provisionally  
18 allege, to the extent may be shown by proof, that according to others, that the Respondents, through  
19 their agents, servants, employees and/or contractors, violated various statutes, laws, regulations and  
20 ordinances and otherwise failed to discharge mandatory duties pertaining to the supervision,  
21 maintenance, and inspection of the accident scene, casting the Respondents in liability.

22 As a result of the potentially dangerous conditions on the street, and possibility of instruction  
23 or at the direction of Respondents' agents at the scene of the fire on Avenida Suavidad, a motorist  
24 of a van reversed from the street and ran over the left foot of Shemiran Clow, a pedestrian, who  
25 sustained multiple fractures to her foot, along with an open foot wound requiring a skin graft which  
26 may have not been properly and timely treated by, inter alia, EMT personnel.

27 Claimants are further informed and believe and thereon allege that any arguable immunities  
28 do not apply factually or legally, or, alternatively, that if any do apply that they have been lost by the

1 applicable governmental entities.

2 Claimants have been damaged in sums which exceed the jurisdictional limits of all lower  
3 courts which would otherwise have jurisdiction, which amounts will be shown according to proof  
4 at time of trial.

5 **4. A general description of the indebtedness, obligation, injury, damage or loss injury**  
6 **incurred so far as it is known at the time the claim is presented:**

7 The Claims include, but are not limited to, the following: fractured left metatarsal and lateral  
8 malleolus, left foot open wound requiring skin graft, exposed tendons and soft tissue, left foot skin  
9 avulsion, possible RSD, and other various serious injuries by Shemiran Clow and loss of consortium  
10 by her husband Geoffrey Clow.

11 Claimants claim all damages resulting from potential and alleged possible wrong doing on  
12 the part of Respondents which may be found to have caused or aggravated the injuries to Claimants  
13 as well as the damages associated therewith. The facts known to Claimants supporting the above  
14 causes of action are set forth herein in item 3 and the documents attached. However, discovery  
15 continues. Damages claimed are compensatory, and include both economic and non-economic  
16 damages for pain suffering, LOE and medical treatment charges.

17 **5. The name or names of the public employees allegedly causing the injury, if known:**

18 The identities of all persons involved on behalf of the Respondents is not known at this time.  
19 However, according to the police report, numerous police, and fire department personnel are  
20 involved whose names are set forth in the police report, attached hereto.

21 **6. The amount of damages claimed, if it totals less than \$10,000, as of the date of**  
22 **presentation of the claim, including the estimated amount of any prospective injury,**  
23 **damage, or loss, in so far as it may be known at the time of the presentation of the**  
24 **claim, together with the basis of computation of the amount claimed. If the amount**  
25 **claimed exceeds \$10,000, no dollar amount shall be included in the claim, however it**  
26 **shall indicate whether the claim would be a limited civil case:**

27 The potential claim involves substantial claims and damages by Claimants well in excess of  
28 \$10,000. The amount claimed for Claimants for compensatory damages includes special damages

1 (extensive medical fees accumulated and lost wages) and general damages, (loss of consortium,  
2 attorneys fees and costs to the extent allowed by law), the breakdown of which Claimants will leave  
3 to the trier of fact, as well as punitive damages claimed to the extent permitted against a public  
4 employee. No part of the action will be a limited civil case. The case would be filed in San Diego  
5 County Superior Court, Unlimited Civil Division, and will seek, at least, the above referenced  
6 damages.

**1 FACTS:**

2

3 **NOTIFICATION:** I was dispatched to a call of an injury traffic collision at 1245 hours. I  
4 responded from 12000 Carmel Mountain rd and arrived on scene at 1249 hours. All times,  
5 speeds and measurements in this investigation are approximate. Measurements were  
6 taken by estimation, except where otherwise indicated.

7

8 **SCENE:** At the scene of this collision, 16265 Avenida Suavidad is a  
9 northbound/southbound city street consisting of one lane. The roadway is curved and  
10 level. The surface is composed primarily of asphalt.

11

**12 INVESTIGATION:**

13 Upon my arrival at the scene, I was directed to the exact location of the pedestrian  
14 identified as Shemiran Ablakatof-Crow lying on the ground. She was receiving medical  
15 treatment by a fire unit that was on scene for a house fire. While, I was obtaining her  
16 information a witness identified as Michael Leonard told me he saw the collision. I took his  
17 statement.

18

**19 STATEMENTS:**

20 Ablakatof-Crow (P-2) told me, she walked out of her house towards the fire because she believed  
21 the house fire was at Andrea's house. She stopped approximately halfway between her  
22 residence and the house that was on fire. She saw a coffee truck and a van parked on the street.  
23 She decided to cross the street. "All I could remember was getting hit by the van and falling on  
24 the ground. While I was on the ground the van rolled over my left leg and I yelled out in pain."

25

26 Michael Leonard (W-1) told me he was across the street from the van and saw the van traveling in  
27 reverse. He said, the van was moving very slowly and saw the pedestrian get hit by the van, and  
28 fall on the ground. The van tire rolled over the pedestrian's foot. He yelled out to the van driver,

1 to stop. He walked over to see if he could help the pedestrian.

2

3 Cordova (-P-1) told me she noticed the street was blocked by fire trucks, because of a large  
4 house fire. He decided to back his van away from the fire trucks to go another direction. While he  
5 was driving the van in reverse, Cordova heard a loud thump and thought his flood equipment fell  
6 inside the van and kept moving. However, when he heard someone yell out to him to stop the  
7 van, that is when he discovered a pedestrian was struck by the van.

8

9 Lopez (P-1 passenger) told me, Cordova was backing up the van and while he was driving in  
10 reverse he heard a thumping sound and thought it was the equipment in the van. Then, he heard  
11 someone scream at Cordova to stop the van.

12

13

14 **OPINIONS AND CONCLUSIONS:**

15 **SUMMARY:**

16 Cordova was north bound on Avenida Suavidad and approached a large house fire with  
17 several fire trucks blocking the roadway. Cordova decided to try another direction to avoid  
18 the fire. Cordova placed his van in reverse and while moving the van in reverse he collided  
19 into Shemiran Ablakatof-Clow while she was walking across a residential street. When she  
20 was struck by the van, she fell to the ground. A pedestrian that saw the collision walked a  
21 crossed the street to render aid to Shemiran Ablakatof-Clow.

22

23 **AREA OF IMPACT:**

24 The initial contact area was estimated at 10ft west of the east curbline Avenida Suavidad  
25 and 800 ft north of the north curbline of Via Embeleso.

26

27 **CAUSE:**

28 P-1 was driving his vehicle in reverse and did not see P-2 walking behind his vehicle.

- 1 While P-2 was moving in reverse he failed to see P-2 walking behind the van in violation of
- 2 22107 CVC, and struck P-2 with the rear of the van. There is no evidence or statements to
- 3 suggest that P-2 violated any laws that would of contributed to this collision.

Shortly after 12:30 p.m. on January 17, a blaze broke out at a residence located in the 16000 block of Avenida Suavidad. The fire appeared to have started in a bedroom used as an office.

Crews immediately responded and were able to knock down the blaze before the residence was destroyed. They stayed on the scene a little longer than usual to ensure that embers didn't restart the fire.

No injuries were sustained, but a woman was hit by an air-conditioning service truck as she ran into the street to view the blaze. Her injuries were minor.

Damage to the structure was estimated at \$225,000.

I heard about this on the news. Scary! I think people in RB have suffered enough from fires. They certainly don't need this!

### Faulty Printer Blamed in House Fire That Caused \$600,000 Damage

A single-family home on the 16300 block of Avenida Suavidad caught fire Monday afternoon causing extensive damage, but the two people and one dog inside made it out safely. Two firefighters suffered minor burns to their ears and neck.

The fire started in a first-floor office around 12:30 p.m., and firefighters were able to control it within 10-15 minutes and put it out soon thereafter, Fire Capt. Chris Babler said. The fire spread to the garage, destroying its contents, and caused an upstairs window to burst. Officials initially estimated the damage at \$150,000-\$200,000, but later raised the figure to \$600,000: \$400,000 for the structure and \$200,000 for the contents.

Investigators determined the fire was caused by a faulty HP printer, San Diego Fire-Rescue Department spokesman Maurice Luque said in an e-mail Tuesday.

The homeowners and their dog sat across the street from their home as firefighters surveyed the damage. Several people from the neighborhood came by to give their well wishes to the couple, who said they will be "well taken care of" in the aftermath of the fire.

One ambulance, four engines and three ladder trucks responded to the fire.

The street was temporarily blocked off, but by 3 p.m. police officers were allowing some vehicles to pass through.

While firefighters were handling the fire, a pedestrian was struck by a vehicle as she watched and was transported to Palomar Medical Center with major trauma, Luque said.

## RB house fire leads to pedestrian injury

By Elizabeth Marie Himchak

A malfunctioning computer printer sparked a fire that caused an estimated \$600,000 in damage to a Rancho Bernardo home on Monday, said a fire official.

In addition, a neighbor was hit by a vehicle while watching firefighters extinguish the blaze.

The fire was reported at 12:35 p.m. Jan. 17 at 16306 Avenida Suavidad, according to San Diego Fire-Rescue Spokesman Maurice Luque.

"There was a lot of smoke and fire when crews arrived," Luque said, adding the fire was extinguished within 20 minutes. Crews from Rancho Bernardo, Carmel Mountain Ranch, Rancho Penasquitos, Mira Mesa, Poway, and Miramar responded.

Fire officials estimated damage at \$400,000 to the two-story home and \$200,000 in lost contents, he said.

The cause was identified as a malfunctioning Hewlett-Packard printer in a downstairs room that served as an office, Luque said.

While two firefighters sustained mild burns to their ears, which Luque compared in severity to a "sunburn," he added the commotion led to a pedestrian near the scene getting hit by a vehicle.

San Diego Police Lt. Andra Brown said a van parked on the street was being slowly backed up to make room for fire vehicles when it knocked over and then rolled over a 55-year-old woman who lives nearby and came outside to see what was going on.

The driver immediately stopped after hearing witnesses yelling about the accident at 12:48 p.m., Brown said, adding the driver will not be cited.

The woman was taken to Palomar Medical Center for a broken left ankle and sore left shoulder and hip, Brown said.

## Tell Your Neighbors About Patch

A 55-year-old woman was hit and run over by a van while watching a house fire in Rancho Bernardo on Monday.

A home on the 16300 block of Avenida Suavidad caught fire around 12:30 p.m. Monday and a number of people came from their homes to watch, San Diego Police Lt. Andra Brown said.

The woman was standing in the street at 12:48 p.m. watching the fire when a privately owned van began slowly backing up to make way for emergency vehicles. Several other people got out of the way, but the woman did not and was hit, Brown said.

The van then rolled over the woman as people yelled for the driver to stop, Brown said. A Poway ambulance responded through mutual aid to transport the woman to Palomar Medical Center.

The woman suffered a broken left ankle and complained of shoulder and hip pain, Brown said. The driver was not cited.

SAN DIEGO - A fire that tore through a house in Rancho Bernardo on Martin Luther King Jr. Day caused an estimated \$600,000 worth of damage, a fire department spokesman said Wednesday.

Flames began spreading through the residence in the 13600 block of Avenida Suavidad about 12:30 p.m. Monday. Two adults were home at the time but were able to escape without injury.

The fire, which was sparked by a computer printer, caused about \$400,000 in damage to the structure and destroyed roughly \$200,000 worth of furniture and other items inside it, said Maurice Luque, a public information officer for the San Diego Fire-Rescue Department.

# STAFF REPORT

NO. 11-16

**TO:** BOARD OF DIRECTORS  
**FROM:** TONY MICHEL, FIRE CHIEF  
**SUBJECT:** BUDGET AUTHORIZATION  
**DATE:** AUGUST 4, 2011

The following budget action is requested for approval:

Description	FY 11 Budget	Funding Request	Funding Source	Action Requested
(1) 2011 Fire Prevention Vehicle - Ford 4x4 Expedition.	\$65,000	\$66,398.69	100% Fleet Reserve	Authorize purchase

**JUSTIFICATION for Funding Request:**

Staff is seeking authorization to purchase one (1) replacement fire prevention command vehicle with radios, light bar with emergency lighting and command package:

- One (1) Command Vehicle: \$33,388.69
  - Emergency lighting, radios: \$13,010.00
  - Installation of radios and lighting: \$20,000.00 (Est.)
- Total Cost: \$66,398.69

This vehicle will replace the 2008 Ford Expedition which had been serving as the fire marshal's vehicle. This is an unscheduled replacement due to an accident involving the existing fire marshal's vehicle. Because of the need for a fire marshal's vehicle, it is staff's recommendation that the vehicle be replaced during fiscal year 2011/2012. The 2008 Expedition was deemed a total loss by the insurance company and has been towed off district property.
